Additional Services

Add this to my program:

- INSECT CONTROL:** Controls grubs, fleas, ticks, chinch bugs, cutworms, webworms, crane fly larvae and army worms.
Substitute June and fall fertilizer with fertilizer with Allectus insecticide.
(cost = 1.0 X spring fertilizer rate, eg. Spring rate \$70, to add insect control would be \$70, \$35 for grub & \$35 for the crane fly)
- STEP FERTILIZER:** July, greener lawn in summer, increased disease resistance for red thread, dollar spot & rust (cost = spring fertilizer rate)
- WINTERIZER FERTILIZER: 15-0-4 (organic):** November, aid root growth, build soil & plant reserves for spring. (cost = spring fertilizer rate)
- ROUNDUP:** Kill unwanted grass & weeds in walks, driveway & patios.
(cost is \$60 minimum to \$100 for larger areas)
- FALL AERATION:** Remove soil core plugs to increase rooting.
(cost = 3 X spring fertilizer rate, Add \$20 for irrigation/invisible fence)
- DETHATCHING/POWER RAKING (spring/fall):** Mechanical grooming with debris removal.
(cost = 4 to 5 X spring fertilizer rate, \$140 minimum, Add \$20 for Irr/inv.fence)
- SNOW MOLD SUPPRESSION:** Systemic fungicide, November, reduce snow mold damage.
(cost = 2 X spring fertilizer rate, \$60 minimum, can do front only)
- SECOND CRABGRASS PREVENTION:** June, 2nd pre-emergent with fertilizer to extend protection into the summer. (cost = first crabgrass application)
- NUTSEDGE:** July to Sept, Vertical, light green grass like plant, grows rapidly.
Sedgehammer herbicide (cost to spot treat, \$60 minimum)
- SOIL TEST:** pH & nutrient levels. (cost: \$27)
